CURBSIDE PICKUP TEST DRIVE™

"A safer, contactless way to test drive a car."

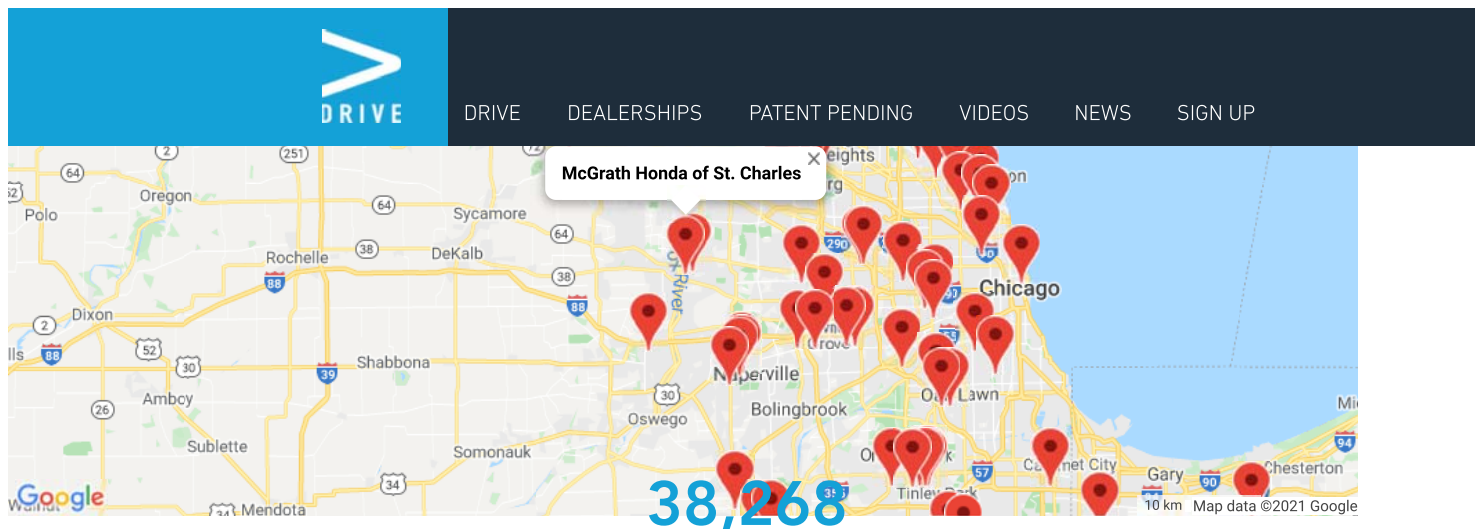

"Offer your customers a great experience immediately when they arrive."

- (1) The Drive App notifies salespeople, using automation, when customers arrive at the dealership.
- (2) Greet your customers outside for a fast and easy "Curbside Pickup Test Drive".

"Help your entire sales staff be more efficient with their time."

- (1) Customers are reminded in the morning, 1 hour before, and 15 minutes before their appointment.
- (2) How close is your customer? Check the map to see if they're on time or running late.

DRIVE APP AVAILABLE NOW!

The Drive App is available for download on the iPhone App Store and Google Play Store. Our Software as a Service (SaaS) mobile app has no-cost unlimited access for both car buyers and dealerships. In exchange for our “Curbside Pickup Test Drive” software, we’ve created an industry-defining fee structure for our dealership partners. Each successful vehicle sale which utilizes

technology fee for the first customer referral sent to a dealership. If you manage a dealership and would like your sales staff to "test drive" the Drive App, please email us. We can have your store live on the app in a few days, connecting car buyers instantly to salespeople.

A MESSAGE FROM ADAM GEAKE - FOUNDER & CEO

"I started Drive because I believe the test drive is the most important step of the car buying process. Too often I see ads pushing car buyers to start the buying process online before ever test driving a car. This logic is backwards. Only after a test drive can car buyers feel confident about their purchase before buying or applying for financing online.

Requesting a test drive on the Drive App instantly connects you to salespeople at the dealership. The app saves your appointment time, dealership location with directions, salesperson information, and complete vehicle details. Your location is conveniently shared through the app so your salesperson can greet you outside the dealership at your exact time of arrival. We call this service "Curbside Pickup Test Drive".

In the future, you will be able to use the Drive App to apply for dealership financing, shop for vehicle insurance, make car payments, and schedule service appointments. Our mission is to simplify the entire car ownership experience, using one app."
