- Platinum-grade cotton: Yes, that's the best you can get—and you'll feel the difference. Its heat protection is unparalleled (up to 550 degrees) but it's still super soft and flexible, so you won't sacrifice movement.
- No-fuss fabrics: Our mitts and pot holders are made with cotton, so they're machine-washable, with a thick organic cotton liner to keep things comfy. The oven mitts come with a practical hanging loop, perfect for smaller sized kitchens.
- Extra arm protection: 60% of you wanted full-wrist protection, so we made our oven mitts longer to protect your forearms at the stove, oven, grill—basically, anywhere the heat is on.
- Easy-on, easy-off: As for our pot holders, they've got a pocket on the back so you can slip your hand inside (which goes a long way when you need to get a good grip). They do double-duty as trivets, too.
