Battery-powered hand-held electric flour sifter for baking

This product is a battery-powered flour sieve. Compared to using a crank or squeeze handle, the method of sifting flour is faster and more convenient. This product uses 2 x AA batteries (not included in the package) to run.

Features:

One-button operation, convenient and quick: The product can be started and closed easily with one button, and it runs at 5600 rpm, which can loosen the flour extremely quickly, which is faster and easier to use than turning a crank or squeezing handle. The ergonomically designed handle is also very easy to hold and comfortable to use.

The screen is removable and easy to clean: the main body of the product can be cleaned directly, and the screen can also be easily removed and cleaned separately. However, the battery compartment cannot be cleaned, and the product cannot be cleaned in water.

Food-grade safe material, BPA-free: The body and handle of the product are made of food-grade polycarbonate, and the screen is made of stainless steel.

Large capacity: 4 cups / 32 ounces / 1 liter
