piggy bank

The piggy bank is well built and looks durable. It is of great fun to play the coin game with the little figure. If you are a fan of Doraemon, I believe you will love it. It is definitely worth waiting for the shipment from Japan.

piggy bank

My niece absolutely LOVES this!! What an amazing way to teach kids financial intelligence and to make it fun with the bright colors. I bought a blue one for my then 3 year old nephew last year and whenever he finds any money, he will stop what he's doing to put it in his "bank". It also makes his parents look great when he's in public and says, "Daddy, I have a lot of money in my bank, right". Soon, my 2-year old niece wanted to put money in his bank all the time too. So we decided to get her one. And she LOVES it! So worth the purchase.
