Very good fishing rod! This is the best telescopic rod I' ve used even after about 10 bass and a 9lb bass as pictured the rod he lp up and stayed together. The reel was really smooth with the 12 bearings it has in it. If you are looking for a rod that is good for traveling this is the one!

Fishing tools

I bought this to keep in my semi truck because im an OTR truck driver. This kit is impressive. Small, light weight and compact. I was blown away by the quality of the rod and reel. Perfect for anyone that travels or just wants to keep a rod in the truck witho ut all the space.

Fishing tools

I bought the rod to have a lightweight casual rod I could quickly take with me. The telescoping feature is critical to that. cond time I ever extended the rod, it refused to collapse back down again. Whatever twist and lock mechanisms wore o ust 2 uses- locking the rod in an extended position at one eye and constantly collapsing at the others.
