- The yard sprinkler is a more powerful irrigation tool that can provide better watering results for your yard
- This version of the garden hose can be used directly. Equipped with quick couplings can be used with your traditional rubber hose
- The lawn sprinkler uses high-quality plastic to ensure an excellent user experience, so you can keep your lawn and plants in a better condition
- All sprinkler heads should be designed to meet the requirements of more effective and economical irrigation, giving your yard the maximum distance under the condition of 360-degree rotation
- You can also adjust the nozzle style or faucet of the sprinkler to irrigate larger or smaller areas, as a sprinkler for gardens and yards, and can also be used for gardens and children's entertainment activities
