Dftsrg Steering wheel covers for automobiles,Leather car steering wheel cover,breathable,non-slip and tasteless, warm in winter and cool in summer.

### Dftsrg Steering wheel covers for automobiles,Leather car steering wheel cover,breathable,non-slip and tasteless, warm in winter and cool in summer.

The smooth and durable steering wheel cover adopts exquisite sewing technology to make your steering wheel look novel and attractive. While providing a stylish design for your car, keep your hands warm in winter and cool in summer. The non-slip matte finish of the shield can better hold the steering wheel, provide you with more road control capabilities, and protect the shield from further wear.
