★★★★★ Works for Model NV586

Reviewed in the United States on October 16, 2019

Verified Purchase

I am giving this a 5 due to the fact I have an NV586 and this was the closest I could get to my model. I needed a new hepa filter and this one fits perfectly. The foam filters were too large and had to cut down but no big deal. So glad I was able to find something that works!

★★★★☆ Be careful with your Shark model numbers!

Reviewed in the United States on January 27, 2020

Verified Purchase

The filters worked with our Shark Navigator-- though they were a little large--but the heap filter was a slightly different build than ours, so while the case fit into the receiver it would not lock in (work). Again, if you had the model it was actually made for it would probably be fine but there was no way to differentiate on this product given the description. We threw the heap filter away, ordered one from Shark, and are using the disposable (white) filters.

These filters fit in perfectly in my vacuum. Appear to be good quality. I have washed them several times and they still look like new, especially the sponge filter.

With a little modification of foam filter it fits my Shark vacuum. I change out filters 2 times a year, fair priced, shipped quickly. Pleased.

★★★★★ Really is a good buy for your Shark vacuum.

Reviewed in the United States on February 8, 2020

Verified Purchase

My hepa filter was due for replacing, this was a good buy, as I was also looking for extra filters, to swap out to wash the dirty ones. They are easy to install and keep my vacuum running efficiently.
