★★★★★ I think it's genuinely better than the original.

Reviewed in the United States on July 14, 2018

Verified Purchase

Bought the kit back in April 2018 and replaced the original filters. As of writing it's July 2018 and I have to say, I'm extremely impressed by the filters. The original set, after 3-4 months worth of weekly vacuuming, I could see dust penetrating through the foam and be caught on the felt pre-filter. I could also see that the foam was just the exact size as cavity it was on meaning, it wasn't exactly that snug. These filters though, from what I've examined, are much better: the foam is actually slightly bigger than the cavity meaning it's pretty snug (if not slightly tight) which is REALLY good, meaning a lot less dust bypassing it. I've also looked the foam itself and after 3 months of use (same routine cycle), there's hardly any dust penetrating through it. The felt filter is still close to pristine! The HEPA filter I've yet to actually use - meaning I'm still using the original, but I'm going to change all of them soon once I feel the need to. I'm definitely going to buy these again once I need another cycle of replacements filters.

★★★★★ **Affordable, quality filter replacements**

Reviewed in the United States on September 5, 2018

Verified Purchase

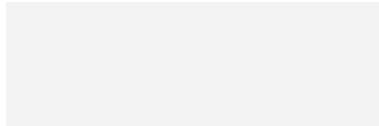

I was really impressed by the Smartide filter kit. We purchased this to replace both the felt/foam (two stacking interior pieces) and HEPA filter (exterior plastic piece) in our Shark Navigator LiftAway Professional.

Some had commented on missing pieces or incomplete kits but I'm happy to report our order included two sets of the foam/felt filter (individually wrapped) as well as the plastic HEPA filter.

The pieces fit just as well as the OEM filters and allow me to wash and allow dry while ensuring there are always filters in the vacuum.

Something I thought was a nice "extra" feature is that the felt piece actually has a tab attached to the top which makes removing it super easy.

★★★★★ **Great filters, perfect fit**

Reviewed in the United States on December 25, 2017

My vacuum developed a bad smell when in use and I had tried washing and drying the filters, but the smell persisted. Bought these and they were a perfect fit and the smell was gone. Suction improved as well, which I hadn't noticed had worsened with the old filters.

★★★★★ **I didn't realize how much the old one stank!**

Reviewed in the United States on September 4, 2017

Fit fine. Smells much better than one that has been rinsed over and over. The outer HEPA filter (that doesn't get cleaned) had gotten dirtier and yellower than I realized. Restored a lot of suction power. Will be replacing somewhat annually now because it's cheaper than replacing the whole vacuum.

Ps - I find that going outside and hitting the filters against things works better than rinsing because rinsing leads to mildew and stank. Don't put them in the dishwasher... that made them really stank.

★☆☆☆☆ **DID NOT WORK IN MY SHARK NAVIGATOR**

Reviewed in the United States on June 12, 2018

They DO NOT fit my vacuum, even though I was told they did. I had to cut down the foam and fiber filters to fit. The HEPA is just wasted money, because it will not fit. I ONLY kept them because I needed something right away, and I was able to cut these to fit. Will not buy them again.

★★★★☆ **Nice product and a perfect fit**

Reviewed in the United States on February 3, 2018

The replacement Hepa filter alone made this a worthwhile purchase. I had never even thought to replace it until I was looking for a new foam filter and saw this package. All of the items fit perfectly. My only reservation is the foam filter may not hold up as well as the original. I like washing out the canister and washing the foam pad. they get pretty groedy, and after a wash everything smells better. Anyway, the new foam pad seems a bit lighter and more ridged. It may not last near as long.

☆☆☆☆☆ **This did not fit Shark Navigator NV 352**

Reviewed in the United States on March 6, 2020

Verified Purchase

Too good to be true. The HEPA filter is too big to fit in the compartment of my Shark Navigator NV352. It fits in place, but you cannot fit the cover of the vacuum, that holds the filter in place. Also, the foam filter is thinner and not up to the quality of the original one from Shark. I had to use a box cutter to trim off enough of the plastic from the so called HEPA filter in order to get it to allow the cover to stay in place. I should have returned it, but was in desperate need of a new filter right away. I'm really wondering how much of a HEPA filter it is, too, because while using it, I felt like I was breathing in a sandy gritty dust. I have bad allergies and need a real HEPA filter. I wouldn't buy this brand again. Not as advertised.

★★★★☆ **They work!**

Reviewed in Canada on February 1, 2021

The sponge and the hepa filter are a tiny fraction bigger than the brand replacements, which makes the fit more snug but I think that's probably a good thing because the seal would be better. No difference in the quality of the materials. I'm really happy with the purchase.
