- LARGEST DISPLAY ON THE MARKET WITH BACK-LIGHT: Our Blood Pressure Monitor with custom-made large LED screens give you a great visual experience, making readings clearer and users can view the results more quickly. Clear large fonts and High-Def Backlit Screen offers clear reading at nighttime for advanced measurement experience.
HIGHEST ACCURACY & Arrhythmia Detecting: Fully automatic blood pressure checker has advanced measuring techniques, to provide you the most accurate reading. Convenient to track your

health every day. Also, LAZLE Blood Pressure Monitor is sensitive enough to track heartbeat failures that might go unnoticed by you. That is, by measuring the pressure, you can also check your heart rate.

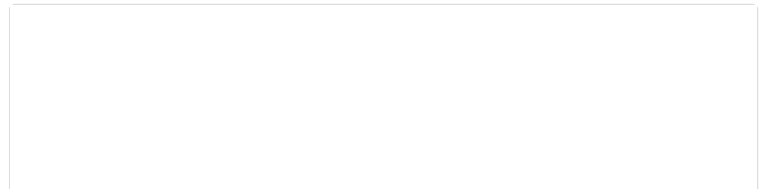

- ✓ **ADVANCED TWO-USER MEMORY & ADJUSTABLE LARGER CUFF:** No more manual recording of your readings all the time! You may store up to 200 readings for two users and each reading comes with date and time stamp. Specially designed a wide range of adjustable arm Cuff for people of different sizes, from 8" to 17" in length. With our latest AccuRead Technology which comes with cuff detection and wrong operation reminder icons, you never have to worry about taking wrong measurements again!
- ✓ **ONE-TOUCH OPERATION & CARRY CASE:** The Blood Pressure Machine is fully automatic, just need to press one "Start" button to measure your blood pressure and heart rate. All process just need half minute. Also, it very easy to carry - lightweight and fits in a convenient case so that you can take it with you anywhere. LAZLE is looking forward to bringing you a better service experience!

Product Description

LAZLE Upper Arm Blood Pressure Monitor for Two Users.

At LAZLE, We create lasting products that help people benefit from the power of technology and make life better, easier and more fulfilling.

Come join our family with over 10 million satisfied customers and counting! **We are confident in the quality of our product!**

Easy Using and Comfortable Touch

The classic three-button mode, its symmetrical design style, LAZLE family's consistent style while simplifying the operation, bringing you an accurate and easy-to-use experience, which can effectively reduce user misuse. In addition, it is applied to the latest processing technology on the surface of the device. Whether it is button or touch, it makes you feel comfortable and every touch a pleasure, just like common furniture, enhances your daily usage.

The colored bars on the screen can feedback the data, red for too high and green for normal. The newly added **kPa** and **mmHg** switching functions make it easy for customers to switch readings. **Micro-USB** power input mode, which adapts it to the current mainstream charging method and can be used anywhere.

LAZLE custom-made large **LED** screens give you a great visual experience, making readings clearer and users can view the results more quickly. Clear large fonts and **LED** display for normal reading even in dim conditions.

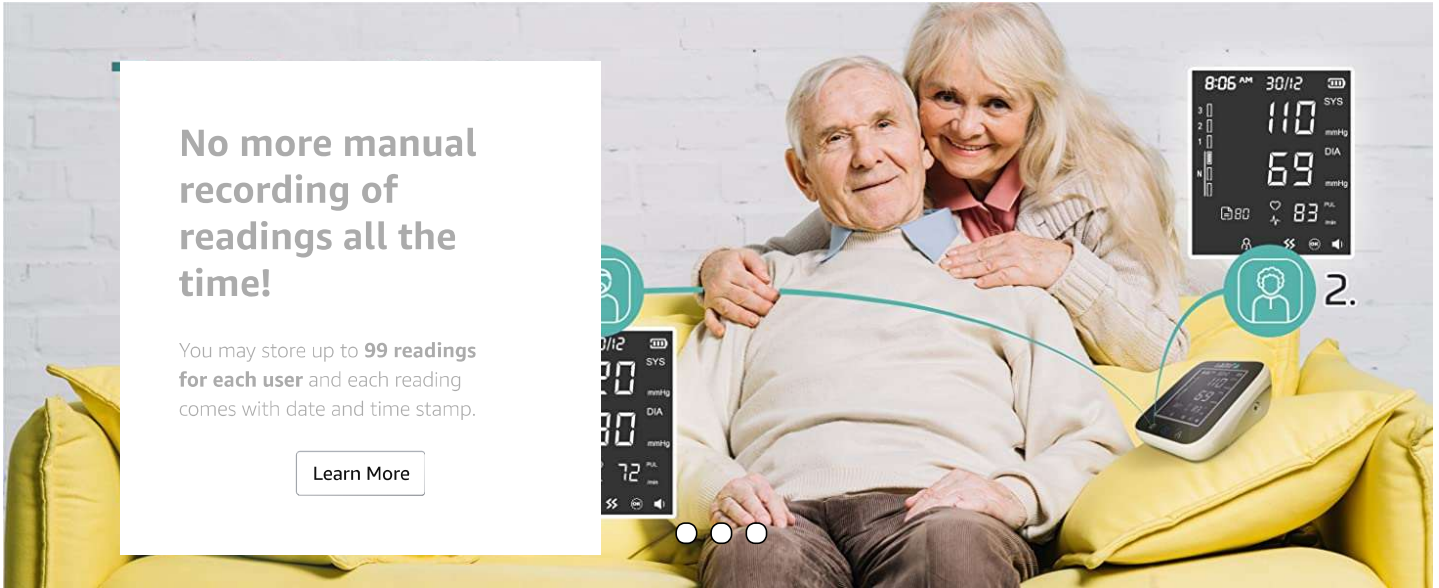

Impressive Shape and Design

The new design language gives the entire device a completely different look, We have also applied the latest measurement Japanese chips and upgraded armbands to make measurement results more accurate.

Donna B.

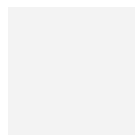

Works very well very happy very satisfied

Reviewed in the United States on February 6, 2020

Color: Black **Verified Purchase**

It is fantastic. It's all in more than I would have wanted. I got this for my husband because he found out he had a-fib so we had to start checking his blood pressure. it was very easy for him to use and really enjoy the voice of them telling you what it is. The shipping was very fast we got it the next day. I'm very happy

Easy to use! Would buy again! Quality!

Reviewed in the United States on May 9, 2020
Color: Black **Verified Purchase**

Got the LAZLE Automatic Blood Pressure Monitor as a recommendation from our Dr for my husbands high blood pressure. So far, easy to use. Easy to program. The cuff can fit from the skinniest arm to the most burliest of people with elephant poles of an arm. Two different people and can save upto 99 measurements. I would buy again!

This blood pressure machine is absolutely amazing! It is sized for easy use and comes with a cute handle pouch. Love the fact it can be charged via USB as well. The fact that it detects arrhythmia and defects is neat. Very intricate use. Sound ability is absolutely amazing with detecting normal/abnormal readings. Overall, you are getting your money's worth of this product!

MARIE L BARBER

Great functions on this great Blood Pressure Cuff!!

Reviewed in the United States on May 9, 2020
Color: Black **Verified Purchase**

This blood pressure cuff is so easy to use. I really like the memory function and I like the voice function. It has a bag that fits everything in it, very compact. It arrived in record time, this blood pressure cuff was just what I needed.

Love it

Reviewed in the United States on May 11, 2020
Color: Black **Verified Purchase**

It's hard getting a doctors appointment right now and I have high blood pressure. It was important for me to be able to check it my blood pressure. This monitor was so easy to use

that I barely read the instructions and used it within 10 minutes of receiving it. This will be really helpful to me during this quarantine time and forever. I love my purchase so far.

Love it!!!

Reviewed in the United States on February 12, 2020

Color: Black **Verified Purchase**

I love this blood pressure monitor. So easy to use and I love that it speaks results (also it says if your blood pressure it's normal or not).It is very easy to set up, also Cuff fits and is comfortable. It's really accurate , compared to doctor's omron and it gives similar results.
