#### Description Reviews

Modeled AFTER moms: designed to mimic the natural form and feel of mom for baby feeding, easy to latch and encourages proper tongue positioning  
Innovative design: features a gradual transition from nipple to Wide-Neck base and a soft, breast-like feel for comfy feeding  
Easy to clean and washable: dishwasher safe nipples can be boiled, microwaved, frozen and sterilized  
No straws, vents or valves: other bottles require vents and valves that allow air back into the bottle  
Safe silicone: Made without PVC or Bpa, milk only touches silicone nipple and pouch
