Founder and CEO

Chongba L. Sherpa

Chongba L. Sherpa is an experienced cost consulting professional with over two decades of experience working on many award-winning projects. Some of his notable projects include Highline, Hunter's Point South I and II, Columbia University at Manhattanville, Bed and Mart Building at Stony Brook Hospital, Port Authority Bus Terminal, and LaGuardia Airport (P3 contract). In the industry, Chongba is known for his dedication to excellent client service, collaborative partnership, and technical acumen.

Founded by Chongba Sherpa, Sherpa Construction Consulting is an independent cost consulting firm that brings together a team with decades of industry experience and in-depth knowledge to every project. At its core, the firm is built with the mission of providing accurate results and honest answers to get the project to fruition. Sherpa Construction Consulting achieves this by being selective about projects it undertakes and putting hard work, focus and passion to every one of them.
