The playing method is rich and varied, and it is held in the hands. You can play a unique ethereal sound with your hands on the keys!

HIGH-QUALITY MATERIAL

The crystal kalimba are made of high-quality acrylic and ore steel bars to ensure perfect sound effect, and the EVA kalimba boxes can effectively protect the kalimba, preventing moisture, oxidation, scratches, falling, waterproofing and very easy to carry, so every thumb piano is unique.

THE KEYS OF ORE METALS

A cost effective starter instrument

The sound from the instrument was very nice. The keys do feel a little narrow, but I've seen other people playing the instrument with their nails so I think I have to grow mine out a bit. For a starter instrument to see if you like it, it's very good. The backing is rainbow and fits nicely in both child and adult hands. The

Beautiful had a few flaws like small scratch on back and small chip in wood on the end but considering the price cut i think thats fair. Came with all pieces. Quickly shipped and received.
