## Introducing the FLEXChoice Program for Flexible Endoscopes

Through the FLEXChoice program, you can acquire new KARL STORZ flexible video endoscopes and experience the cost-savings of our FLEXPack Service Agreement over a 3- to 5-year term. You'll be getting best-in-class products with breakage protection at an affordable cost.

### What is the FLEXPack Service Agreement?

The FLEXPack Service Agreement will cover a set number of endoscope replacements for any breakage over the term of the contract. If the number of replacements is exceeded before the contract term ends, you can simply add more at the same discounted price.

Additional FLEXPack benefits include:
