For more information on Perspectives Organizational Consulting Group's services, contact Jonathan Eisler, Managing Director of Organizational Consulting, at 312.636.6609 or JEisler@perspectivesltd.com.

The Perspectives Organizational Consulting Group was an outstanding partner to work with in developing a leadership program. The team was incredibly responsive, professional, enthusiastic and focused on meeting our unique needs. Participants are already moving into new positions and seeking out professional development resources.

- **Julia Kyle** | Organization Strategy Consultant, The University of Chicago

The Perspectives program has made a valuable impact for the families we serve! For many years I've been fortunate to learn of the care the program brings and the lives changed for both work and in the home.

- **Alan Zais** | Executive Director, Winnebago County Housing Authority & Boone County Housing Authority
