Welcome.

Your Academic Advantage

Children's Hospital of Georgia is the only facility in the area dedicated exclusively to children. We understand that creating efficient and effective care means not only taking care of a child but of a family.

Our mission is to provide innovative, family-centered care to our patients. We do this by promoting prevention and providing breakthrough treatments for children. As the primary teaching affiliate of the [Medical College of Georgia](#), we provide the most comprehensive pediatric routine-to-complex care in the area.
