Description

- * 【Electronic Ink Technology 】: This product uses E-Ink electronic ink screen which has the advantages of legibility, flexibility and low power consumption. Compared with other display technologies, E-Ink electronic ink screen has better reflectivity and contrast. They look like ink on paper, a medium that people feel comfortable reading and processing.
- * 【Easy to read in the sun】: Under bright light, including direct sunlight, other display materials feel a little light and difficult to read. On the contrary, the display based on electronic ink is really easy to see and read.
- * 【Convenient and portable】: The 6-inch screen weighs 189 g and can be easily grasped with one hand. Easy to carry, you can read anytime, anywhere.
- * 【29 languages are available 】: Most countries/regions: English, Chinese, Russian, Japanese, French, Spanish, Portuguese, Turkish, Polish, Arabic, Italian, Dutch, German, etc.
