Question: [Will this fit a nissan pathfinder back seat? Also whats the difference between the back seat cover and bench seat?](#)

Answer: I would expect the cover to fit a Pathfinder. It was a bit too narrow for our Suburban. Since the rear seat IS a bench seat in most vehicles, I'm not sure there's any difference (unless someone has bucket seats in the rear...)

Answer: unsure about a Kia but it fit the back seat of my 2016 Mazda CX-5 nicely. Snug enough to not slip, but not too tight to where it was a drag to remove it if I need to.

★★★★☆ **Almost A Great Design...**

Reviewed in the United States on March 16, 2018

Verified Purchase

I've had this seat cover installed for a few weeks now and my 6-month old Great Dane puppy has pretty much trashed it. Overall I like the ingenious design--a hammock that hangs from all the headrests of the front and back seats. However in my opinion there seems to me to be a couple of serious design flaws with this back seat cover:

(1) The hammock is just a wee bit too short for my Ford SUV. It doesn't quite cover all the way up to the top of the seats (bottom of the headrests). A longer fabric would have been better; (2) One of the plastic clips kept coming un-buckled whenever the puppy was in the back seat, and I had to tie a knot in the straps to keep it secured to the headrest; (3) There are SLITS in the cover about halfway down, where the carseat meets the backrest. Why? I suppose that maybe these slits might have been designed for seat belts to come through? But my puppy doesn't wear seat belts! It's just another canvas edge for the puppy to chew on and hole for him to shed hair through. Not good!

UPDATE 5/22/18 - I have been using this product for 3 months, and it is almost completely trashed now.

★★★★★ **Works Great on my 2014 Toyota RAV4**

Reviewed in the United States on April 6, 2017

Verified Purchase

This works great. I bought it to protect the back seats of my 2014 Rav4. It fits the seat well and looks pretty good. I like the grippy rubber that keeps it from sliding around and it is super easy to clean. There was a strong chemical smell out of the packaging but that dissipated pretty quickly. This seat cover is strongly constructed and seems like it will last for a long time. The other day I had some human passengers back there, took me about 30 seconds to unhook the liner and hang it in my garage, and presto clean, pristine seats underneath. This purchase has been a great value.

★★★☆☆ **Not for trucks**

Reviewed in the United States on January 15, 2017

Verified Purchase

I like what the seat cover is made of but that's about it. The description states that it fits SUVs and trucks, I drive a Ram 1500 and it does not fit. I have only had the seat cover on one week and it already has lint on it that will have to be shaved off. And of course if you have small children putting the car seat in the middle becomes a thing of the past.

★★★☆☆ **Not a universal fit as advertised....**

Reviewed in the United States on September 29, 2016

Verified Purchase

This actually does NOT fit all trucks and SUVs as advertised. It is too narrow for our 2011 Suburban. The "hammock" feature which can keep dogs from jumping to the front seat doesn't work because it is designed to fasten around headrests of front seats, and the cover is too narrow to reach around both front headrests. It is also very difficult to put seat belts through the openings designed for them due to narrow fit of cover. The leather seats are so much nicer and more comfortable than is the seat cover. If I use it, I'll need to remove it each time I carry human passengers for their comfort and to use the seat belts.

★★★★☆ **Almost perfect.**

Reviewed in the United States on January 3, 2018

Verified Purchase

Nice tough, durable product. I like the quality. Why only 4 stars? Product does not keep my dog from jumping into the front seat when I leave the car but it does keep her feet off the arm rest while I'm driving. I wonder if A tent-pole-like tension rod would help with this? Also product is dependent on headrests being in position. I removed my back seat head rests for better rear-view mirror visibility so I had to rig the back tethers to some weights in the trunk area. Would be nice if they had alternate ways of securing the product in place.

★★★★☆ **Nice protection for my VW GTI - worth the money!**

Reviewed in the United States on February 14, 2018

Verified Purchase

This back seat cover does the trick to protect the leather seats in my VW GTI from dirty paws and scratches. I like the quilting and non-slip fabric on the reverse side. The fabric is a bit stiff and slippery, but I suspect it will soften up over time and with washing. It fits relatively well and the headrest straps are securely sewn in and do not appear that they will pull off as the ones on my old cover. Because the cover can also be used as a sling there is a bit of excess fabric puddling from the seat to the floor. The openings for the seat belt line up with my buckles. My only improvement recommendation would be to add a seat rest strap for the middle seat to make it even more secure. Worth the money.

Its larger than I thought.I have A 2015 CHEVY TRAX LT WHICH IS A MINI SUV..THIS WOULD FIT A FULL SIZED TRUCK/SUV BETTER

The bottom I guess is also supposed to attach to the front seat to form a hammock ...so to use it for kids I have to fold that extension under...which is kind of annoying and bulky..I also have to cut the center out as I have a center buckle..I'll make the center a flap so I can fold it up or down...I couldn't find one with a center fold down section...ohhh well...it will have to do until they start making them that way

★★★★★ **Stands above the rest!**

Reviewed in Canada on June 18, 2017

Absolutely the best Dog Back Seat Cover I have bought hands down!! I have had a few of these and the clips don't hold or the unit itself doesn't hold to the seat, this one is great!!! It has a portion that goes through the seat between the back and the bench and holds it in place, there is a rubber grip material that holds to the seat to keep it from slipping as well. It is well reinforced and fits the back of my Dodge SUV beautifully!! It also had the convenient clip for the seatbelt to tether the dog so she can't scratch my tinted windows, so it is a win win!!! Mine looks identical to the picture of the product. This isn't always the case. If you are in the market the the measurements match for you, don't hesitate, you won't be sorry or disappointed!!

Recouvre-siege pour animal de bonne qualité, pas trop mince avec des attaches solides. Parcontre si vous avez une ceinture central qui s'attache par le haut, elle ne sera pas utilisable, seulement ceux des côtés. Animal seat cover of good quality, not too thin with strong ties. On the other hand, if you have a central belt that attaches from above, it will not be usable, only belt on the sides.

Great dog seat cover, but needs improvementz (1) the seat belt hole should be more defined. Instead of Velcro, it should be a almost like a hair crunchy, not stiff Velcro. (2) the back should have cardboard or some type of poly-carb to prevent getting dog-eared.

Overall I like it. Good quality, just a few things I think would make this even better

Recent purchase to protect rear seat from luggage. Highly recommend ordering well before needed, the off gassing took a number of days. Thankfully the odour dissipated. A little short of covering the width of the seat of a Tahoe. Overall, seems like a good product for the price.
