Good shirt
Again I have to pay extra for a larger shirt and even though it is marked the correct size that I ordered it fits as one size smaller. Not all of us are operators or as fit as a Greek god.
Or maybe get shirts that are made to fit the average Americans. I still absolutely love the designs so I will still order more if they are available in one size larger. These would be great if you guys followed the size standard of a clothing company whos name starts with a D and ends with a TH. I wear 1 to 2 sizes smaller than than similar tees from the big box stores.

I have bought so many of savage tacticians shirts.
Amazing fit and feel. I'm 6'4 300 pounds with wide shoulders and the 3x fits great. Snug around the places it should be and loose enough to hide my prior military belly.
