BASKETBALL OVERVIEW

MISSION STATEMENT

The Skill Factory (TSF) is an organization providing the sports community with best in class professional services that engage each athlete uniquely and appropriately. TSF delivers transformative athletic experiences to athletes and families by following a framework that relies on a positive environment, expertise, and integrity.

OUR GOAL

It is the goal of The Skill Factory to develop the next generation of athletes, and people, through a curriculum that teaches sport specific details and character development.

YOUTH/AMATEUR BASKETBALL

The Skill Factory's youth & amateur basketball program spans from age five through of intercollegiate activities. The players will progress and learn the game appropriately through four levels (Introductory, Foundational, Advanced and Performance) of the TSF Player Progression Pathway (PPP). While some players may advance through elite

programs and potentially even to the professional level, TSF offers a pathway for players of various skill levels who love the game.

CLICK HERE TO LEARN MORE ABOUT THE TSF PLAYER PROGRESSION PATHWAY.

PRO/ELITE BASKETBALL

INTERNATIONAL

The banner is set against a blue background with a brick-like pattern and faint basketball court lines. At the top left is the Jr. NBA logo. To its right is the text 'FIND A 3v3 LEAGUE NEAR YOU' in white. Below this text is the Shock Doctor logo. On the right side of the top section is a small blue button with the text 'LEARN MORE'. The center of the banner features the Jr. NBA logo in a large, bold font, with 'FIND A 3v3 LEAGUE NEAR YOU' written below it in a large, white, sans-serif font. Below the text is another Shock Doctor logo. At the bottom of the banner are three action photos: two women playing basketball, a group of boys playing basketball, and two men playing basketball. A large blue button with the text 'LEARN MORE' is positioned at the bottom center of the banner.
