The Mission of UpLink; "Where choosing a health plan is easy"

UpLink's Mission is to make purchasing health insurance easy. Our motto is "Where choosing a health plan is easy" and we mean it. UpLink Health Insurance Agency LLC is a full service Health Insurance agency which markets and sells health insurance, ancillary benefits and business services. We strive to make the client experience easy, streamlined and expedited. Life is complicated enough, there is no reason that one needs a doctorate and become a professor of healthcare insurance to be able to have the confidence to choose a health plan. Confidence and trust in UpLink and our services is paramount and understanding why we can be trusted needs to be justified, because buying health insurance is not like buying milk and there are a lot of different factors to consider when choosing a health plan.

With all that being said how can I justify the claim of UpLink is going to make choosing a health plan easier. Well for one thing it starts with putting the client first, unfortunately in an industry littered and synonymous with under-educated agents and unqualified representatives we will first start with education. Education is key we certify and train our agents to not only make sure they understand the product but also understand and know how to navigate it while aligning the needs of the consumer with a health plan that entirely suits the clients needs. And sometimes depending on the client that could even be difficult because sometimes our clients become close minded and get to comfortable in their rut, while meanwhile they have the opportunity to usually expand on their benefits while simultaneously reducing their premiums and medical costs. This is an art and yes it takes a professional to tailor a solution seamlessly. That is why here at UpLink we pride our selves on our UpLink Benefit Advisor certification and education it is the key to our success and the key to helping you make choosing a health plan easier.

UpLink's Long Island, NY Office at RXR

always come to you.

JOHN MANDARO CEO/ OWNER

"OUR MISSION IS TO MAKE CHOOSING A HEALTH PLAN EASY"

After almost 15 years of marketing and selling for some of the largest health insurance carriers as a captured agent all over long island from Riverhead to Manhattan, I finally awoke one morning while on vacation with my family and decided after taking a long look at my wife and children that it was time for me to leave the comfort as a captured agent and start my own company. I had a vision to change the landscape of health insurance consumerism and make choosing health insurance easier. Now before I get into this please let me first share with you the following. I always thought of myself as someone who wore his heart on his sleeve and could only sell a health plan that I believed in. My motto was and still is "If I can't sell it to my mother I can't sell it to you". I always looked at my clients as friends and family and quite frankly that is what made me excel in my practice. Here at Uplink not only will I carry on the torch of creating world class relationships with our clients but also to make sure that with us life is a little bit easier. Yes we "SELL", and Yes "WE WANT TO SELL TO EVERYONE" but in all reality whats important to us is that our clients love us just as much as we love them. So being that we already have the relationship piece bottled up we now want to focus on changing the industry by making it easier for the consumer to choose a health plan. **"Our MISSION is to make choosing a health plan easy and we plan to do just that."** So welcome to Uplink and I hope our interaction is as important to you as it is to me, we look forward to learning about you and how we can help you achieve your health goals. Thank you for being apart of a company that is going to change how people perceive and purchase health insurance, Welcome again to UPLINK.

"Uplink, Where choosing a health plan is easy" – John Mandaro

UpLink Values

Building World Class Relationships

Here at Uplink we treat our clients like family meaning we come with extra TLC. We always look to ensure that we are not only thorough but deliver with the utmost hospitality of service. Our Uplink Benefit Advisers will always look to treat you with the care you need and deserve.

Being Transparent

We do not charge for our home appointments and consultations because we get paid from the insurance carriers if you do decide to enroll. If you decide not to enroll we hope we made a good friend and maybe you will do business with us in the future otherwise we only get paid, commissions. We will always be transparent on our commissions and how we get paid. Ask us and we will explain it to you. Again you do not pay us...the insurance carriers do. There are no hidden fees and no hidden agendas.

Compliance

Compliance is of the utmost importance to Uplink we always look to be compliant in all areas of our business and follow all laws set before us that rule over our health insurance operations.
