100% Waterproof Winter Gloves -30°F Warm Windproof All Fingers Touch Screen Gloves for Men Skiing and Outdoor Work
340g fluff

High-quality Raw Materials: Made of premium Dacron and soft thick fluff material, which has three insulation fabrics, windproof and warmth, protect you against the subzero temperatures of cold winter.

Double Layers Water repellent: Out layer water repellent and inner waterproof bag design, double waterproof protect our thick warm touch screen gloves dry and work well even if in the rain or extreme environments.

High Sensitivity Touchscreen: Coated with touch conductive material with all fingers, allows you to use touchscreen devices efficiently without taking off the gloves but keep warm.

Double Shirred Elastic Wrist: Double shirred elastic wrist with zipper keeps the glove closed without being tight and uncomfortable. Wrist with velvet and lining with 340g fluff lock warm as much as possible.

Suitable for Outdoor activities. Fashion beautiful, comfortable and high grade mens women winter gloves is perfect for cold winter casual, riding, driver, hiking, running, cycling, snow, landscaping, DIY projects, cross-Country skiing, snowmobile and other winter outdoor activities.
