Features:

- LED digital display.
- Using a three-blade shaving system, the cutter head can be flexibly floated, the cutter head can be detached, and the dirt is easy to clean and remove. Don't worry about the bristles.
- The heads of the razor are all automatic grinding processes, which can maintain the sharpness of the blade for a long time, and will not heat up even if it runs for a long time.
- The built-in circuit boards are all gold-plated contacts, which greatly improves the performance and service life of the machine.
- The rear side angle design can easily cope with the problems of long beard and excessive hair. The two knives are combined into one, which makes it easy to deal with various situations.
