My fiancé loves it. She's a big teddy bear herself and loves purple.

Terrible terrible purchase. The bear itself is exactly what I expected, but the box is unbelievable! The black ribbon is missing, the plastic is all bent and crushed and there are even parts of the black that are scratches off leaving white background exposed. Tried to contact the seller, but I cant. Not satisfied at all!

Packaging was squished like many over said. Didn't really bother me but made giving as a gift lol key embarrassing but she still loved it. Value is okay because these things are expensive. Over all like the item id buy it again but as a gift no... due to the box being crushed when the box my order came in was fine and not crushed so the box was crushed because it was even in the box. But yeah if you want it its worth the money less the box being crushed is going to slash that idea buy from elsewhere.

This bear was beautiful. I honestly was skeptical and didn't know what to expect but it exceeded all expectations.
