### Customer questions & answers

Have a question? Search for answers

- ▲ 0 votes ▼

**Question:** Can it play indoors? Or is it restricted to the outdoors?

**Answer:** I haven't tried it, the head of the rocket is foam, so it won't easily damage anything. But I would recommend playing outdoors, as there is enough space for the rocket to fly higher and farther.  
By Theresa S. on June 21, 2021
- ▲ 0 votes ▼

**Question:** Is it possible to freely adjust the launch direction and fix it?

**Answer:** Yes, the angle of the rocket launch tube is adjustable, and there is a fixing device inside, so it will not run randomly. Rockets can be launched from all angles, and they can fly long distances, which is very interesting.

**Question:** What is the size of the rocket launch kit and is it convenient to travel?

0 votes

**Answer:** I don't know how to describe its size to you, but it is suitable for my 4-year-old kid. You can go to the video on the product page to see its size clearly. As you can see, it can be assembled and disassembled, and there is a box with a handle that can be stored. My kids can't do without it for outings and camping.

**Answer:** I would say 3 and up, I took it as a gift for my two grandsons (they were 3 and 6 years old), they loved it very much and continued to play for several hours.

★★★★★ **Huge Hit at Grandson's Party**

Reviewed in the United States on June 13, 2021

**Verified Purchase**

I bought this to give to my 5 yr old grandson for his b'day, and it was a HUGE hit at his party with kids of every age!!! They played with the rockets just as much as the pool and bounce house. Super easy to assemble, and seemed like it will hold up well. Rockets went super high when the bigger kids jumped on the launcher!!! Very happy with this purchase, and well worth the money. I didn't realize that it came with two of everything, so I kept one at my house for when the grandkids visit!!!

The whole Neghboor love them. We got this for our 3 kids and our Neghboor kids to play with. Lucky for us we have a huge field for all the kids to play on. It was super easy to set up no instructions needed. And the kids play with it for hours.

**★★★★★ Two is better than 1**

Love that this comes in pack of 2. Both boys can play at the same time. And the extra rockets come in handy after the 1st one shot went in the tree. The 10 yr old really stomps on this and it has held up. Easy enough to use that the 4 yr old can load and play by himself. Fun for all!

Man this thing is fun! Took it with us on our trip to Hawaii, was the best money we spent on the trip. The kids spent hours chasing after the rockets. Gave the parents plenty of time to enjoy Mi Tai's!
