You made an investment in your site. Let us help you protect that investment and keep things moving.

→

Project Management

One of the benefits of knowing the each step process is that we have the skills to control the whole project for you.

→

ABOUT

Patriot Supply and Logistics was founded with the drive to find the most efficient and effective ways to source a wide array of materials and services without compromising the core values that guided its owner through the last 10 years in the electrical services and supply industry.

Those 10 years were grounded firmly in utilizing the drive and discipline that was gained through service in the United States Marine Corps.

Integrity guides all that we do. We pride ourselves on taking the utmost care of our contracts and clients and we look forward to working with you.
