First one I had stopped working; it had a 2 year warranty so they sent me a new one right away

The customer service for this company is great. About 10 months after I got this iron it just quit working, so I called the company. They said it was still under warranty so they sent me another iron immediately. It heats up fast and does a great job.

DIFFERENT SETTING

Love this Iron- It has different setting for heat for different material- I know they all have them, but this one is pretty good!

It works and that's all I care about.

Honestly I bought this for 2 things: HTV and one dress that ALWAYS has wrinkles no matter what I do. Did 3 HTV this morning to test the iron and the vinyls. They both worked. The iron is light, I guess. It does glide pretty good. It heated up pretty fast too. It doesn't heat up until you select a mat [...]
