

## ABOUT F2F EVENTS, INC. / INTERFACE

F2F Events, Inc. (F2F) is an Event and Trade Show production company. For more than 15 years, F2F has conceived, developed, produced and managed quality events and conferences. Our long-running INTERFACE series of CPE-accredited IT Educational conferences has earned a national reputation as “*THE* technology conference” for IT professionals.

Whether producing our own events or managing a client event, F2F prides itself on attention to detail to ensure a quality finished product. From site selection to content, lead scanners to audiovisual, F2F strives to make each event the best it can possibly be.

INTERFACE™ is a series of educational conferences focused on information security, IT infrastructure (BC/DR, data storage & recovery), and enterprise communications. Now recognized as one of the nation’s premier IT symposiums, INTERFACE has received 15+ years of enthusiastic support from both the regional IT communities it serves and a burgeoning number of leading solution providers.
