Description

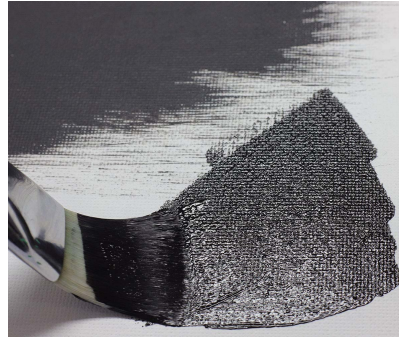

-Use as a primer or undercoat before painting

-Dries to a flexible matte finish and is suitable for canvas, paper, board and other semi-porous surfaces

-Creates a slightly toothed surface that allows oil and acrylic to adhere to your surface

-Can be sanded in between coats for a smooth surface (great for detailed paintings)

-Great for creating dramatic contrasts (chiaroscuro), helping to intensify your colors or for artworks with darker tones

It's gesso primer and it's black. Works great for my primer on stretched canvas for oil painting.
