Description

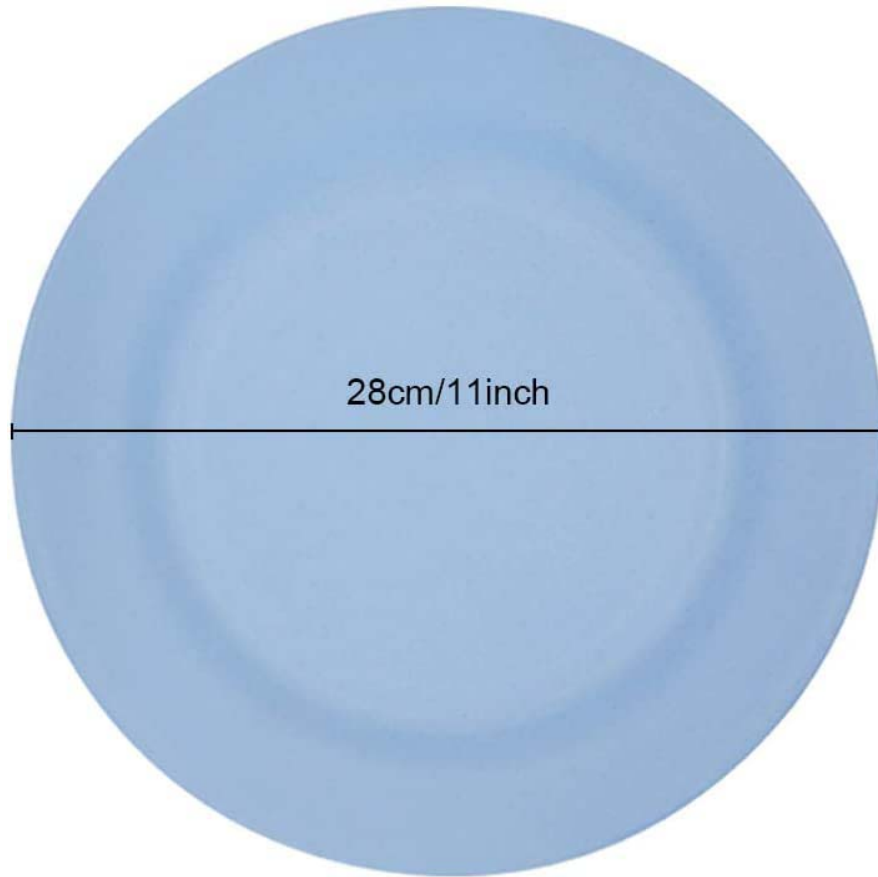

[package contains] you will get 5 plates (blue). Size: 28 cm / 11 inches. With large capacity, food can be well served with fashionable dishes.

[unique design] the wide, flat bottom can disperse food, cool quickly and place it more stably. Widen the edge for easy grip. The slightly raised edge allows the child to enjoy curry and spaghetti without overflowing.

[quality] made of unbreakable wheat straw fiber, lightweight steak plates provide a durable, smooth surface and fall / impact resistance. Very suitable for young children or the elderly.

[space saving and easy to clean] shallow bowls can be stacked on top of each other without taking up too much space. Salad dishes can be washed by soap sailors and washed by dishwashers.

[multi-function plate] is suitable for breakfast, main course noodles, fruit. Showing beautiful table arrangements is also a great gift for housewarming, Mother's Day or festivals.

Fall resistant

Wheat materials

Smooth edges

Non-slip
