

The screenshot shows the 'About us' page of the BOTS website. The navigation menu includes 'Features', 'Integrations', 'Use Cases', 'About' (highlighted), and 'Free Trial'. The main heading is 'About us' in red. Below it, the text reads: 'BOTS is a team of experts seeking to reimagine the relationship between chatbots and people. We help companies engage their users in real-time, personalized conversations.' On the right side, there is a chatbot interface for 'Bridge Bot'. The chat history shows a user asking 'Interested in brainstorming chatbot ideas?' and the bot replying 'We cover a wide range of industries and use cases. What types of chatbot use cases are you most interested in?'. A hint is provided: 'HINT you can say things like "Healthcare" or "Sales" or "Recruitment" 😊'. The chat input field contains 'Enter message...' and has icons for voice, attachments, and send.

## MEET OUR HYBRID TEAM
