Lower portion of the STA-TITE nut is designed to snap free during installation when proper tightness has been achieved, securing your toilet seat to the bowl

Removes for Easy Cleaning

Quickly and easily remove your seat for cleaning

Slow Close

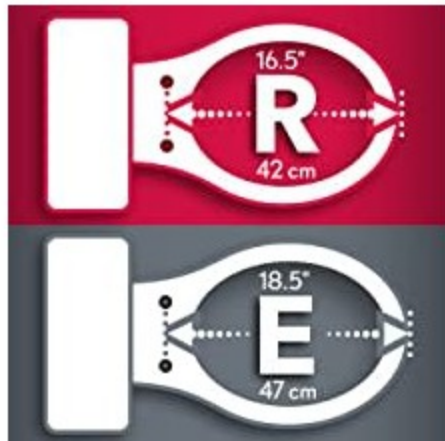

With just a tap, the toilet seat closes slowly and quietly to the bowl

Adjustability

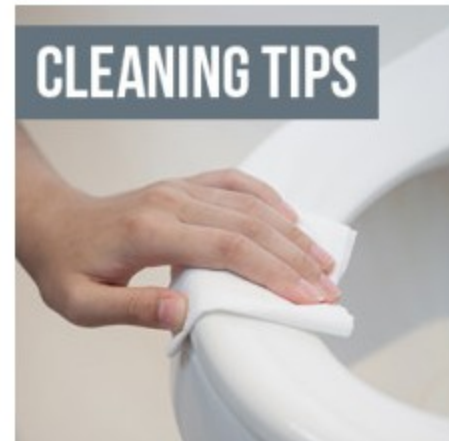

Align your toilet seat on the bowl during installation for the perfect bowl fit

Use and Care

Toilet Seat Size Guide

To ensure a proper fit, measure from the front of the toilet to the center of the mounting holes.

Care For Your Seat

To clean and preserve your seat's glossy finish, please use either anti-bacterial wipes, dish soap, or anti-bacterial hand soap only. Wipe dry with a paper towel. If it's good enough to clean your hands, it's good enough to clean your seat!

Easy Installation

Proper installation is key to ensure the features of your new toilet seat work correctly. Watch the installation video at the top of the page or review the instructions that came with your toilet seat. Within minutes, you'll have your new seat installed and ready for use.

Sustainably Made in the USA

Mayfair by Bemis toilet seats have been proudly manufactured in Sheboygan Falls, WI, for over 60 years, using sustainable materials and processes.
