I would give it 0 stars if I could. The first one we ordered broke after one week. The replacement they sent stopped working even sooner. I tried charging the battery and it still wouldn't work. My son is very disappointed.

Cool little robot toy. Both my 5 year old and 2 year old love chasing this guy around and interacting with him. The rechargeable battery lasts and good amount of time and the facial images are great. Great little fun toy for inside use.

Its appearance is very cute, but also very intelligent. This is a great product. And the operation is convenient. I love toys like this. It can also dance and sing. It's amazing. Toys worth buying.
