### Product description

Item No.: Colorful Sponge

Color: 10 pieces per bag

Weight: 6g

Material: Sponge

Applicable object: pot/bowl

Can the sponge really stand up to months of hard scrubbing without falling apart?

Nowadays, almost all kitchen sponges claim to be very durable, but few people can actually do this. When you try to handle difficult tasks, the foam sponge may fall apart in your hands, and you may be disappointed.

Make cleaning easier and faster-no need to change the sponge frequently

On the side of the sponge, you will find a soft absorbent material, which is very suitable for cleaning non-stick pans, windows, walls, floors, counters, etc.

On the other side, you will find a very tough scouring pad. This makes cleaning dry food residue faster than ever, even if it is burned to ashes. It is very suitable for washing dishes, scrubbing pots, washing floors, and cleaning stoves and countertops.

It does not collect odors or bacteria-keep your family safe

Because it is made of natural materials, no matter how many of these sponges you use, they will not produce an unpleasant smell in your kitchen. When they need to be cleaned, you can safely put them in the dishwasher. Not only will they survive the process-they will be sterilized and as good as new.
