### Product Description:

**Brand:**Haerbao™

**Colour:**Type2

**Package:**Dimensions1 x 1 x 1 cm; 10 Grams

**Material:**Steel Item

**Weight:**10 g

**High Quality material:** these cutting dies are made of carbon steel in silver color, sturdy enough to have a longer usage time, highly detailed and delicate

**Unique creative:** Use this dies to make a unique shape. Make your card or paper into a special shape. They are also very suitable for making stencils, add some nice elements to your paper crafts. Make your handmade works more creative.

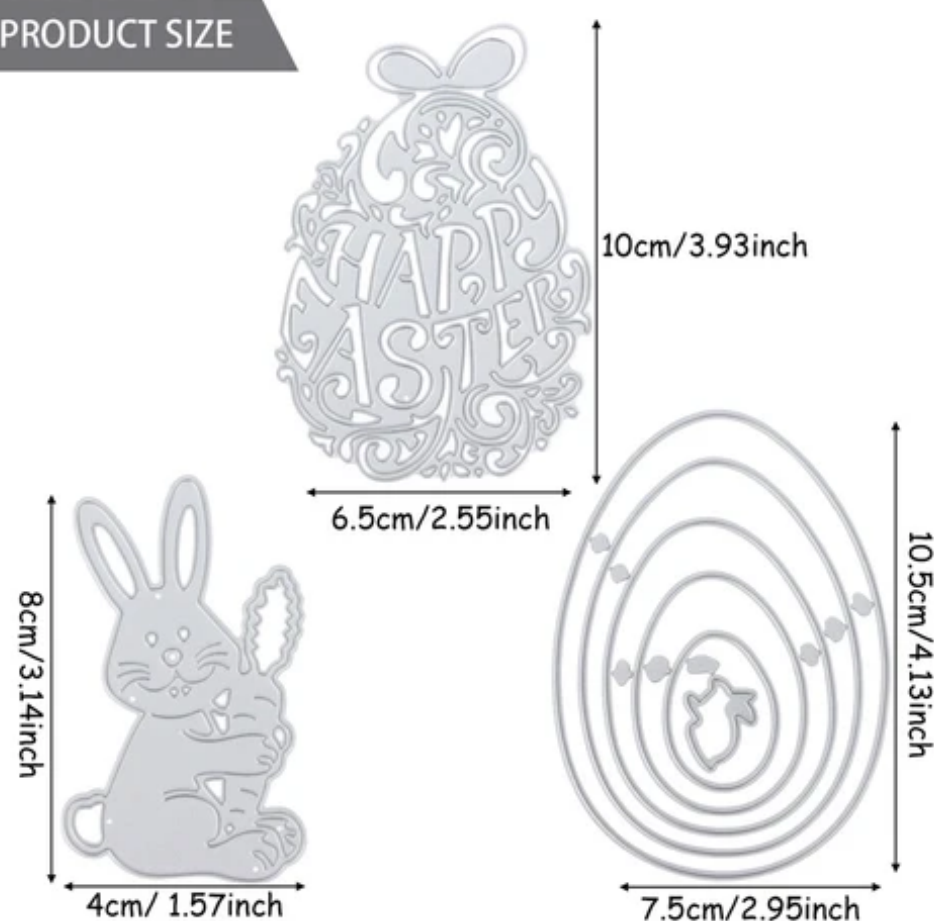

**How to use:** Put all moulds on the card and cut different patterns, then you will have a beautiful and amazing 3D visual effect.

**Widely use:** Widely use in daily life, DIY craft cutting die for all types of cards for photo album, scrapbooking, paper card, etc. Use dies can create incredible shapes from your favorite card stock and paper, make card and scrapbook designs to be totally unique, excellent for cropping photos precisely, also are great for making stencils, or layered to produce a stunning 3D effect.

**Surprise:** The dies are pretty thin and cut very clean, they're called wafer thin, so they're far easier to store than bulky punches. So much better than a stencil, and a cutter or a punch, most flexibility with all the sizes and super easy and fast!
