- This vacuum flask has a large capacity of 2 liters and is suitable for indoor and outdoor use. It keeps heat for more than 24 hours and cold for more than 36 hours.
- The cap can be consumed directly, and the two caps allow you to easily share with family or friends.
- Vacuum insulation creates an airtight space between the two walls, and the inner layer is coated with copper, which will keep the beverage in the bottle insulated and keep it hot or ice longer than other water bottles.
- The food-grade odorless silicone seal ensures that the mouth of the bottle is sealed, will not splash, and is not afraid of knocking over the bottle, and it is also guaranteed to maintain the original temperature.
- The soft, retractable and environmentally friendly rubber material handle will help to carry the bottle more easily, and with a shoulder strap, you can carry it on your back when traveling outdoors.
