Product description

The Smart Ultrasonic Cool Mist Humidifier doubles as an aroma diffuser. Add your favorite essential oils to help relax your mind and body while you moisturize your skin.

Turn the display lights off, switch the humidifier to a low setting, and add your favorite essential oils to help you get the rest you need at night.

Please ensure the arrow on the water tank cap is aligned with the lock on the tank after filling with water, otherwise it may cause a leak

Please do not add water directly into the base, otherwise, the humidifier will not work properly (such as no mist coming out)
The cleaning brush is preinstalled on the base of the humidifier
It is recommended to place the humidifier on elevated-level surfaces such as desktops, tables, or nightstands.
