#### XINHAOXUAN Words Flash Cards with Card Folders & Storage Box -Wo

We had been using handmade sight words cards for our 6 year old before I purchased these. The construction is much more durable and with the progressively more difficult sets of words (5 sets), it is easy to measure progress. The storage box also makes it easy to keep track of them instead of a deck of handmade cards held together by rubber band.

#### XINHAOXUAN Words Flash Cards with Card Folders & Storage Box -Wo

These flash cards are the best I've used so far. I love that they are neatly organized- each level is color coordinated. Each level comes in a little pocket with the vocabulary list printed on the inside cover. Very easy to use, cards are thin but not see through. Can't wait to use these in the classroom.

#### XINHAOXUAN Words Flash Cards with Card Folders & Storage Box -Wo

Have helped my son to read better. Nice packaging helps to keep them organized without losing any of the cards. Color coded helps to keep them organized and graduating through the levels. I've recommended this cards to my friends with kids.
