They are good and effective cleaners. I definitely like the fact of not using as much plastic by just buying the refills. They should make the bathroom one at least a bit stronger to kill any mold or anything that might start up but thats my opinion. only problem o have is the lack of information about the products on the labels and on the site. I had to contact Amazon for some info and even at that the person I was talking to from Amazon said I had to contact the seller for more information because he couldn't find any.... Its an Amazon product.....

★★★★☆ Works well but the color dye is comically over done

Reviewed in the United States on February 24, 2021

Size: 6 Count (Pack of 1) | [Verified Purchase](#)

Have you ever wondered what it would be like to clean your house with kool aid? Then look no further! There is so much dye in each bottle that it turns my cleaning rags orange. It's a really weird feeling purposefully spraying down a white surface with bright orange liquid, and you have to be careful to wipe it all up perfectly.

Now that being said I really like the idea of these cleaners - less plastic waste. It doesn't have the same smooth feel as using Windex, but as long as you get all the product up I'd say they clean equally well. I would happily switch to this brand in the future if it had less dye.

This product has been great - I love how easy it was to mix the solution, the colors are great, the scent is great, and importantly - it works! Definitely recommend. Saves a ton on packaging which is important to me.

★★★★★ What an innovative product!

Reviewed in the United States on April 15, 2021

Amazon out did themselves with these. What innovative thinking to reduce the amount of trash we produce. The cleaners themselves work very, very well. And you will be surprised by just how much cleaning product you get; the bottles are HUGE! Great purchase and I know anyone will love these too. 5 stars Amazon 🌟🌟🌟🌟🌟🇺🇸 Thanks for being environmentally conscious! ♥ 🌍

★★★★☆ Doesn't seem like much of a cleaner

Reviewed in the United States on February 14, 2021

Size: 6 Count (Pack of 1) | [Verified Purchase](#)

I really like the idea of these. Lot less room to store extra cleaning supplies. Help cut down on water. But these seem like nothing more than coloring and water. There is no scent so I guess that may be a plus for people, but I feel like I'm just spraying water and that's it. The glass cleaner leaves more streaks than store brand Windex. I guess I'll use the bottles for something else.

Love to declutter and stay organized. This is the perfect solution to keeping the inevitable mess under the kitchen sink under control. Tiny packaging. Minimal waste. Convenient, efficient. It just makes sense. Fantastic idea for practical use.

★☆☆☆☆ **Doesn't clean.**

Not a fan of this. I like the idea of less plastic but these "cleaners" don't clean at all. The bathroom cleaner is just sad. I'll keep the bottles but not the solutions.
