### Product Description:

**PREMIUM QUALITY WOOD:** You will immediately feel the sturdiness when you use one of these large wooden kitchen spoons for cooking. Whether you're mixing ingredients to bake a delicious treat or stirring a pot of the world's best sauce, our wood cooking spoons are your best friend in the kitchen.

**DEPENDABLE COOKING UTENSIL:** You can never have too many wooden mixing spoons in your kitchen, so when you buy our bulk wooden spoons you'll have plenty of help with cooking, mixing, stirring and tasting. Ideal for non-stick surfaces, 8" long spoon reaches into deep pots for easy stirring and tasting.

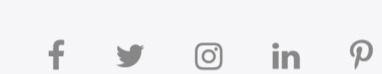

**SAFER THAN METAL:** Our wooden spoons are smooth, splinter-free, lightweight and easy to operate. Compared to metal spoons, our spoon is heat retardant and won't scratch the pan's surface. The wooden handle doesn't transfer heat so you're less likely to scald your hand when you grasp it.

**FOR COOKING AND MORE:** Can be used for more than cooking too. Perfect arts and crafts supplies, you and your kids can paint or draw names, words or patterns on the spoons and use as decorations or give as homemade birthday presents

**100% MONEY-BACK GUARANTEE:** We stand behind the quality of our long handle wooden spoons and back them with a 100% money-back guarantee. So, if you are not completely satisfied with your purchase, let us know and we will make it right or give you a full refund!
