[Description](#) [Reviews \(1\)](#)

- HOT STONE MASSAGE KIT: 4 PLACEMENT STONES (around 3.14 x 3.14 in) and 2 WORKING STONES (around 3.14 x 2.36 in); best for common massage areas - neck, back, shoulders, arms and legs
- HEAT RETENTION: Heat up quickly and retain heat well for healing and relaxing relief and comfort.
- BENEFITS: Improve circulation, remove tension, heal strains and aches, relax the body, comfort the mind and relieve stress
- SMOOTH AND SATISFYING: The well-polished stones fit well in the hand, rest their weight on the body comfortably and glide over the skin smoothly.
- NOTE: As these are natural lava rocks, some slight variation in size, colour and texture is inevitable.
