## Anidaco Dog Shoes for Hot Pavement Dogs Boots Heat Protection Paw Breathable Non-Slip Waterproof Adjustable Reflective Straps for Small Medium Large Dogs

- **【Professional Dog Shoes】** : Anidaco dog walking shoes are designed by our company and dog lovers, which can better understand the dog's life preferences and needs. It's made of soft ventilation fabric and durable non-slip sole, especially suitable for winter and summer. Dog boots can protect dogs feet when they are hiking, walking in rain or running on thorny and hot pavement.
- **【Comfortable Breathable Dog Shoes】** : Anidaco dog boots mesh with tightly woven air to prevent dirt and debris while maintaining comfort and ventilation throughout the day. At the beginning of wearing, your dog's walking posture maybe looks a little funny, please let it try a few more times until it can adapt to walking in shoes.
- **【High-quality Heat-insulating Property】** : Dog shoes are made of soft tough microfiber nylon fabric and durable non-slip heat protector sole, which can achieve high-efficiency heat-insulating property, effectively increase heat insulation in summer and warmth in winter. Suitable for various indoor and outdoor activities, such as walking, jogging and other moderate performances.
- **【Adjustable & Reflective Straps】** : Anti slip shoes for dogs are designed with freely adjustable magic tape, easy to put on and take off, capable to prevent slipping off, so that the dogs are not easy to produce resistance mood. At night, the reflective strips on the shoes can not only make your cute dog more secure, but also make it easier for you to find your dog.
- **【Package & Superior Service】** : Including 4 anti-slip & reflective dog shoes for running. Our size is based on the inner diameter of the dog shoes and is measured by hand. If there is a little error or not suitable, please feel free contact us, we will try our best to make you satisfied.

### Product description

How to figure out your dog's paw size?

Please prepare a piece of paper, a pen and a ruler.

Have your dog stand on a piece of paper.

Let the dog's foot step on the paper, draw a circle against the foot with a pen, and measure the length and width.

When the parameters appear, please match with the table and choose a size slightly larger than your measurement. The width of the dog's paws should be smaller than the size of the dog shoes, so your cute dog will feel more comfortable.

dog boots

Warm tips:

Don't worry when your dogs start to walk with new shoes but not in a normal pace even prance.

You can try to encourage and guide your love dog to adapt to this new friend - shoes.

For cleaning, the dog shoe are hand washable and dried naturally in the air.

For storage, please keep the dog boots in a dry, dark, and relatively cool place.
