Kiosk Manufacturer Association (aka KMA) leads the efforts to improve self-service engagement and engagement outcomes with customers via technology like kiosks, digital signage, digital menus, drive-thru technology such as outdoor line-busting tablets and outdoor menu boards, Vaccine Passport kiosks, POS solutions, Antibacterial solutions, AI engines, robotics, transactional devices, software and service. We encourage regulatory compliance with ADA, Section 508, WCAG, PCI DSS, HIPAA and UL (indoor and outdoor) to name some. KMA is a Participating Organization with the PCI SSC involved in *Cardholder Activated Terminals* or CATs. In ADA, we meet with U.S. Access Board twice a year and have been featured presenters at U.S. Access Board public webinars.

In 2021 learn about **vaccine passport kiosks** or vaccination status check for patrons (and employees).

Gold Sponsors : Olea Kiosks, Inc., KioWare, Pyramid, Nanonation, Vispero, KIOSK, KioskGroup, 22 Miles, Zebra, AUO, Panasonic Restaurant Solutions, LG Electronics Business Solutions, & Intel (Kiosk Technologies).
