Frosted barrel neutral pen, 0.5MM bullet| 0.38MM| soft rubber sheath.
 Use a good pen to make your writing more silky smooth up.
 Stable ink, fast drying without ink spillage, not easy to penetrate the paper.
 Fine craftsmanship, the nib originated from tungsten carbide ball beads, durable, not easy to hook the paper.
 Slim pen body, but contains a large capacity, a new refill can write about 10,000 words.
 Soft rubber sheath, with a suitable writing groove, increase the comfort of the grip.
