HOW FRAME WORKS FOR THERAPISTS

Build a more modern profile

Stop using stale and overwhelming profiles to market your practice. Frame is designed with the modern consumer in mind.

Create a dynamic marketing video

If you're looking to stand out, our team will help you create a Frame Discussion video that you can add to your public profile.

Expand your online presence

Our team uses a combination of social media, press, partnerships and custom content to drive quality leads to your profile.

Commonly Asked Questions

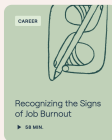

- How does Frame work?

Frame allows you to create an online profile to get more exposure with potential clients. Our therapist profiles stand out more than other sites because we offer unique opportunities to market yourself. With the help of Frame team, you can create content including written and video that can be used to showcase your expertise and promote your practice.
- What type of video marketing support do you offer?
- How does Frame drive potential clients to my profile?

View all Questions

Advertise your private practice in a more effective way.

Every therapist paying for Frame has the opportunity to film one of our signature Frame Discussions. These videos serve as an effective sales tool that give potential clients a chance to see what you are like in action. You can add your video to your Frame profile, and email link your Frame profile to your other directories or websites so that potential clients everywhere can watch your video.
