## THE EXPERTS ON COMMERCIAL SURVEILLANCE SYSTEMS AND ACCESS CONTROL

Business owners are faced with many challenges such as the safety and security of their business and employees. The average business loses 18% of their revenue to shrinkage, theft and employee non-productivity. A quality surveillance system can help reduce these losses, and give business owners peace of mind.

Absolute's installation and implementation includes training your personnel in the day to day operations of a surveillance system. We feature Pelco systems and Arecont Vision surveillance products, which are Made in the USA!

Absolute Communications is licensed by the State of Texas in the design, sales, installation and service of Surveillance Solutions and Access Control and is trusted by many businesses, including Corpus Christi International Airport, to provide a reliable security presence.
