INGREDIENTS

What does it do?

Our semi-permanent hair dye line combines salon-grade pigments with a nontoxic, conditioning formula that deposits ultra vibrant color. Semi-permanent hair dyes do not damage the hair, in fact they're super conditioning! GDY's formula combines a high-quality cream base, like a hair mask with essential oil benefits. The color is deposited on top of the hair shaft and acts like a stain that will fade out over time each time you wash your hair. Color can last anywhere from 4-6 weeks. We recommend using color protecting hair care like our [GDY Color Kind Line](#) to keep color vibrant longer.

What does it smell like?

Fragranced with Bergamot essential oil, our semi-permanent dye has a light citrus scent that is mood lifting.

Is this for my hair?

Our semi-permanent dyes will show the truest color on pre-lightened hair, levels 8-10. We recommend using our [Lightening Kit](#) to get the perfect base shade for your color.

What to know?

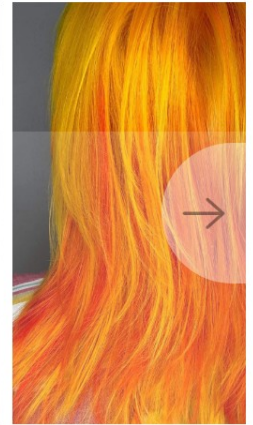

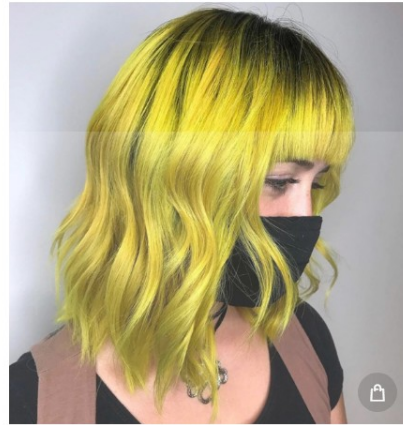

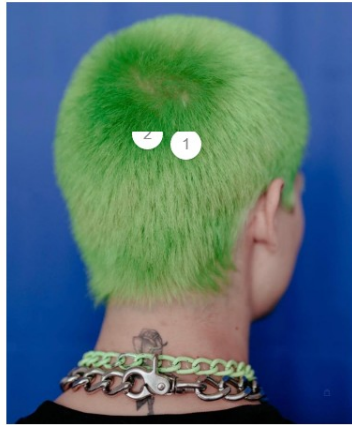

Semi-perm is a thick, conditioning formula, no need to mix with a conditioner.

Color payoff will vary based how much hair is lightened as well as on the porosity of the hair and underlying hair chemistry. We recommend a hair strand test to determine color payoff.

Safe on:

All hair textures, pre lightened, chemically treated, keratin treated, and color treated hair.

Ordered it to use for

This dye is so pretty! You have to bleach your hair super light to get it to show up properly. But it comes out to be a beautiful highlighter yellow it made me feel like Aurora from sleeping beauty!

This dye is so pretty

This is the best color I have ever put in my hair. It was bright and fun and lasted for several weeks. I always got great compliments too. If you're worried about if you can pull it off, you can. It's amazing and you will not regret it!

My favorite yellow dye my

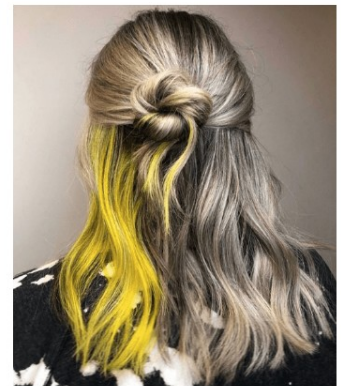

I originally was very worried because the color came out of the tube bright Orange but when I washed it out it was the perfect bright neon yellow and I am very happy to use this in future color combinations :)
