PRO TIPS

INGREDIENTS

What does it do?

Our semi-permanent hair dye line combines salon-grade pigments with a nontoxic, conditioning formula that deposits ultra vibrant color. Semi-permanent hair dyes do not damage the hair, in fact they're super conditioning! GDY's formula combines a high-quality cream base, like a hair mask with essential oil benefits. The color is deposited on top of the hair shaft and acts like a stain that will fade out over time each time you wash your hair. Color can last anywhere from 4-6 weeks. We recommend using color protecting hair care like our [GDY Color Kind Line](#) to keep color vibrant longer.

What does it smell like?

Fragranced with Bergamot essential oil, our semi-permanent dye has a light citrus scent that is mood lifting.

Is this for my hair?

Our semi-permanent dyes will show the truest color on pre-lightened hair, levels 8-10. We recommend using our [Lightening Kit](#) to get the perfect base shade for your color.

What to know?

Semi-perm is a thick, conditioning formula, no need to mix with a conditioner.

Color payoff will vary based how much hair is lightened as well as on the porosity of the hair and underlying hair chemistry. We recommend a hair strand test to determine color payoff.

Safe on:

All hair textures, pre lightened, chemically treated, keratin treated, and color treated hair.

★★★★★
I added a little bit
I added a little bit of this to toxicity, and I love it. I can't wait to use du hast on its own

★★★★★
beautiful shade!!
i never write reviews but i felt compelled to write one for du hast. im a dirty blonde w highlights of all different levels and out this all over knowing it wouldn't look as pigmented in the photo. still, i love it so much, i dont know how they did it but itreally does have an almost metallic look to it. recommend buying two if youre doing your f...[Read More](#)

Hey Evelyn!
Thanks so much for reviewing our Du Hast! We definitely recommend always having more than enough but we're so glad it worked out so well for you anyways!
xx Hallie from GDY

Honest Review
I have purchased several Good Dye Young products, focusing primarily on Peach Fuzz and Pink Puff. Neither of these blew me away and when I would color my hair, no one noticed anything. I bought Du Hast and am much more pleased with the color, it is a true rose gold, more "rosier" which I like because I love red, however the color still isn't suuuu...[Read More](#)

Hi there Ava!

Thank you for your review of Du Hast! Our dyes are semi-permanent so they do fade out of your hair whereas more permanent dyes won't do this. We love the idea of mixing a custom color using our dyes though!

xx Hallie from GDY

melissa

its okay

lightened my hair to level 10 i still feel it comes off as more of a tint

Hey Melissa!

Thank you for reviewing our Du Hast! We're so sorry you didn't receive the results you were looking for. If you want to achieve a super vibrant look, we suggest adding Ex-Girl to your Du Hast!

xx Hallie from GDY

Good Dye Young cultivates a safe and inclusive community that values vibrant self-expression and creativity. We also make bad ass hair products.
