- My new favorite bracelet! Haven't taken it off since I got it, and I can't stop looking at it! The color is sooo expensive looking! I want another color to add to mine! You will not be disappointed and I have a petite wrist and it fits perfectly!

- This is a nice bracelet, but the sizing is off. I ordered the size I usually wear in bracelets, but it's a bit snug. It's not as substantial as it looks in the picture, but it's okay. Not horrible but not really great either. I could recommend buying it for the price if this is what you're looking for.

- Really like this bracelet! I wear it nonstop - shower in it, sleep in it, everything- and it looks great! It's lightweight so it never bothers me and looks good. I get many compliments on it. If it ever does tarnish, I will just buy another since it's so affordable!

- It's a lovely bracelet! It looks so expensive and really catches the light. I have a couple pieces by this seller and they are all beautiful. I have small wrists and have been delighted to find bracelets that actually fit. The fact they seem quite durable and are so beautiful is a huge plus.

- GUERNONO 18K Gold Over Sterling Silver 5mm Mesh Link Chain Brace
- This bracelet was just what I wanted. I was looking for a bracelet to wear with my watch.. this fits the bill. It's size is perfect, not very bulky. It slips in right next to my watch. The color is just right, but since it's over silver I don't know if gold color will become dull. Time will tell. For the price it's absolutely perfect and light weight which is good because I wear very large, heavy watches. Even if it dulls after time I would buy it again at this low price.

- I ordered this to wear for my daughter's wedding. Needed some understated, tasteful and affordable gold accents to compliment my dress. I loved it so much I ordered a second one. I got a number of admirers commenting on my beautiful gold bracelets. I'm thrilled with my decision to buy these. I will be returning for Xmas gifts

- I'm very particular about bracelets. I was afraid it was going to snag on my tiny arm hairs but it didn't! It looks much better in person! The gold compliments their linked gold bracelet . Great buy!
