Description

**Product Introduction:**

Effective and powerful: Very easy to screw and unscrew the water storage which carries 3.5 oz water, not huge storage but do last longer at 50-100 times shooting for one-time when filled with water so you don't have to fill it every 5 seconds, which is okay for a kid carrying the water gun filled with water and take it alone.

Fun with small water guns: Let your kids have some friends over for an "epic water battle." A really cool design and would make for a cool prop. Impressive quality even your kids are trouble makers. kids won't get hurt when the stream coming out.

Best in the Range: It shoots a continuous narrow stream 20+ feet and eventually decreasing to a trickle. No leaking when resting in a side tilt position or place them completely flat on the table. Summer fun for the entire family.

Let's Have A Water Fight: These 2 pack water guns for kids and adults are ideal outdoor water toys, they allow to using for swimming pool toys, beach sand party games, backyard water park toys, and any other outside toys play.

Eye Catching Colors: Both children and adults will like these colorful water guns, the bright colour matching and the big size water squirt guns will definitely make you the focus of summer pool parties, perfect summer toys for adult and kids age 3 4-8 8-12.

One Super Water Gun Soaker Is Enough: These water toys for kids are made of high-quality materials and safe for kids. Playing water gun is a perfect outdoor games for adults and family, also idea yard games, backyard games, beach toys, pool toys, etc.
